Logic Control, filed August 29, 2003, Application No. 10/651853; and
Facilities Management System with Intelligent Display Station, filed August
25 29, 2003, Application No. 10/651845

BACKGROUND

[0002] Access control systems are frequently used to control
unauthorized access to buildings or anything else to which access is
limited, e.g., the operation of certain machinery such as baggage
